AUSTRALIA

INNOVATIVE Teaching & Learning

INTI integrates an array of proven approaches to teaching combined with revolutionary applications of technology in the classroom such as the innovative Canvas Learning Management System.

INTI uses Canvas as our Learning Management System (LMS), providing customizable tools to enhance teaching and learning for students and lecturers. This user-friendly platform supports collaborative digital learning environments, fostering a holistic educational experience.

Canvas's robust features – such as Rubrics, Modules, Calendars, Quizzes, Syllabi, Discussions, Analytics, and SpeedGrader – enable instructors to provide dynamic and personalized learning experiences. The integration of Turnitin with the AI Detector feature helps maintain academic integrity and ensures high-quality educational delivery.

INTI collaborates with industry partners like IBM, AWS, LGMS, SAS and Alibaba GDT to integrate industry content into the curriculum. This enriches course content, enhances learning outcomes, and makes education more engaging and practical.

INDIVIDUAL Development

INTI endeavours to include practical experiences in every programme it offers. From practical workshops taught by local and international guest lecturers and industry practitioners who share the ins and outs of the working world, to hands-on practical projects initiated by potential employers.

LET'S TALK BUSINESS

With the advent of technology and social media, starting a business in this digital age has never been easier. You can swiftly establish your own start-up company with the right combination of smart business decisions, attractive marketing programmes and the acumen to identify the right business opportunities. At the INTI School of Business, you will be taught the know-how to build your own business, and gain the exposure you need to succeed.

CLOSE TIES TO INDUSTRY

To ensure our syllabus is relevant to the demands of today's challenging business environment, INTI collaborates with an Industry Advisory Board that consists of respected members of the business community. These leaders of good standing advise and contribute towards the design and development of INTI's curriculum. This constant feedback ensures that the gap between the needs of the industry and the expectations of graduates are minimised, and helps to create a robust, up-to-date syllabus which is aligned with the needs of today's business.

A key component to these outstanding student outcomes is INTI's hands-on approach to learning that exposes students to actual working conditions in the workplace through internship placements and employer projects with the world's leading companies.

ENHANCEMENT PROGRAMME

Students at INTI are given a holistic education that covers not only academic subjects but the skills, training and accreditation that enhance their academic learning, leadership skills, networking and personal development. This hands-on approach is achieved through a variety of activities, workshops and seminars that expose them to actual business scenarios.

Students following the appropriate courses in finance and accounting are guided in pursuing associate memberships with certified international accreditation bodies such as the ACCA, AIA, CPA, IPA, ICAA and ICAEW.

INTERNATIONAL PARTNERSHIPS

The University of Hertfordshire, UK, is an exemplar in the education sector and achieved silver ranking in UK's Teaching Excellence Framework (TEF) 2023. The Southern New Hampshire University is the No.1 Most Innovative University in the North by the US News & World Report 2024. The Swinburne Business School is accredited by the Association to Advance Collegiate Schools of Business (AACSB) International, a globally recognised hallmark that is given to only 6 per cent of the world's business schools.

INDUSTRY CURRICULUM INTEGRATION

ALIBABA GLOBAL DIGITAL TALENT

COLLABORATION WITH ALIBABA GLOBAL DIGITAL TALENT (GDT)

FOUNDATION IN BUSINESS

The programme aims to equip students with both academic knowledge as well as industry skills to compete in the international market. The programme introduces students to the world of business with an initial grounding in management skills. Students will obtain solid fundamental understanding of concepts, principles, structures and behaviors of an organization, the competitive business environment, and consumer behaviour. The academic knowledge and practical skills gained will help them springboard into the next level, a Business degree programme.

Students will study courses relevant to their desired degrees in the areas of management and accounting. These courses provide a fundamental understanding of concepts and principles of how an organisation works, organisational structure and behaviour, market structure, and consumer behaviour.

Assessment

Assessment of individual courses in the Foundation Programme consists of two components:

- Continuous coursework: 50%
- Final examination: 50%

The continuous coursework component comprises different tasks such as projects, assignments, laboratory work, presentations, tests, and others as assigned throughout each semester. The final examination is conducted at the end of each semester. The assessments are subject to quality assurance procedures to maintain high standards and ensure fair assessment.

AMVPLUS ADVISORY (www.amvplus.com)

“I have worked with INTI students for years and they consistently deliver the highest calibre of award-winning work while maintaining an attitude that would make any employer keen to hire them on the spot! It makes me extremely happy to see how they exemplify passion, agility, dedication, tenacity, flexibility, and a commendable work ethic. I love working with them and will continue many future projects with them. My highest regard goes to the INTI management and faculty for being excellent programme providers, skilful facilitators, and rewarding partners. A wonderful institution indeed.”

Andreas Vogiatzakis (Executive Director)

EMPLOYER PROJECTS

INTI has established close ties with leading companies in the industry to develop employer projects to enable students to gain real, hands-on work experience while studying. Through these projects, students are presented with immediate challenges faced by businesses, and are required to work together in teams to develop and present their proposals. Projects are based on real-life business issues that will help students to develop their knowledge and apply their soft skills in actual business scenarios.

Some employer projects undertaken by our students:

- INSECT PROTEIN FOR HUMAN CONSUMPTION: MARKET SURVEY AND PRODUCT SUITABILITY IN THE REGION**
 Future Protein Solutions
 Students collaborated with Future Protein Solutions from Singapore to conduct market surveys aimed at assessing the suitability of insect protein in the region and adjacent markets. Future Protein Solutions and the insect protein industry in Singapore eagerly anticipate a regulatory framework from the Singapore Food Agency concerning the suitability of insects for human consumption. This framework will have a significant impact on the marketability of insect protein. The required deliverables included a presentation on the market’s inclination to accept insect/cricket powder (protein) and the preferred formats in which the product would likely find acceptance.
- MAKING MAYBANK THE EMPLOYER OF CHOICE**
 Maybank
 The project was to recommend practical and relevant practices, in the areas of Employer Branding through the Engagement Programme and College Recruiting for Maybank.
- AN EMPLOYER PROJECT WITH UNILEVER**
 Unilever
 Students were tasked to propose methods to overcome the cluttered media space in both digital and traditional mediums, in order to drive the company’s brand messaging in an impactful manner.
- CUSTOMER OWNERSHIP INITIATIVES PROJECT**
 FedEx
 Students conducted a study to gather insights on the needs and expectations of SME customers before they made recommendations to improve customer experience to increase the segment’s customer base and revenue.
- INNOVATIVE APPROACHES TO ENHANCE AWARENESS**
 Shopee
 Students were tasked with devising strategies to increase awareness of Shopee’s recently launched one-stop Electronics Zone, gaining insights into customer purchasing behaviour, boosting the number of electronics buyers, and ultimately delivering the outcomes to Shopee.
- ATTRACTING TALENTS WITH ROBUST BRANDING**
 Motorola
 With the expansion of operations, the significance of branding and marketing has heightened in attracting the right talents. Motorola recognises that robust branding facilitates improved connections with its stakeholders. INTI students were assigned the responsibility of crafting an insightful survey based on both internal and external data and providing recommendations for adoption.
- BOOSTING PROFITABILITY IN BANKING**
 OCBC
 The significant reliance on human interactions within physical bank branches has a direct impact on the overall profitability. This project aims to offer insights into how the banking industry can navigate the future, encompassing both the physical and digital domains, with the goal of boosting profitability.

BUSINESS COMPETITIONS AND STUDENT ACTIVITIES

SEMICON SOUTHEAST ASIA 2024

Students had the remarkable opportunity to serve as student ambassadors at SEMICON SEA 2024, a prestigious international event held in Kuala Lumpur.
