INNOVATIVE Teaching & Learning

INTI integrates an array of proven approaches to teaching combined with revolutionary applications of technology in the classroom such as the innovative Canvas Learning Management System.

INTI uses Canvas as our Learning Management System (LMS), providing customizable tools to enhance teaching and learning for students and lecturers. This user-friendly platform supports collaborative digital learning environments, fostering a holistic educational experience.

Canvas's robust features — such as Rubrics, Modules, Calendars, Quizzes, Syllabi, Discussions, Analytics, and SpeedGrader — enable instructors to provide dynamic and personalized learning experiences. The integration of Turnitin with the AI Detector feature helps maintain academic integrity and ensures high-quality educational delivery.

INTI collaborates with industry partners like IBM, AWS, LGMS, SAS and Alibaba GDT to integrate industry content into the curriculum. This enriches course content, enhances learning outcomes, and makes education more engaging and practical.

INDIVIDUAL Development

INTI endeavours to include practical experiences in every programme it offers. From practical workshops taught by local and international guest lecturers and industry practitioners who share the ins and outs of the working world, to hands-on practical projects initiated by potential employers.

STRENGTHEN YOUR CAREER SUCCESS

Helping others lead more fulfilling lives and relieving them of physical pain is one of the noblest professions of them all. Physiotherapy is one of the fastest growing and most highly sought after medical professions in the world. People of all ages and from all walks of life are in need of the expertise of a physiotherapist, from aging or recovering patients in need of physical rehabilitation all the way to professional athletes suffering from sports injuries. Fully accredited by the Malaysia Qualifications Agency (MQA), the physiotherapy academic programme enables graduates to pursue a rewarding and fulfilling career that can take them anywhere in the world.

COMPREHENSIVE CLINICAL TRAINING COMPONENT

The course exposes students to over 1,400 hours of supervised clinical training before graduation. Students will be attached on a regular basis as part of the course requirements to several partner hospitals that include Hospital Rehabilitasi Cheras, Hospital Sungai Buloh and Hospital Ampang in Malaysia where they will have the opportunity to gain invaluable clinical experience.

INNOVATIVE LEARNING METHODOLOGIES

The programme incorporates the latest education technologies and methodologies combined with proven education techniques to ensure that students maximise their learning experience. Key to this learning experience is the innovative Canvas learning system that allows students to review, discuss course materials, showcase and view presentations by fellow students and lecturers as well as interact with them online.

BSC (HONS) PHYSIOTHERAPY

This intensive four-year programme combines an extensive practical training element in a clinical environment and a thorough grounding in the medical and anatomical knowledge necessary to prepare graduates for a career as a physiotherapist. The course enables students to professionally assess and treat patients with a programme of physiotherapeutic exercises and corresponding treatment along with the skills needed to identify and correct potential disabilities in patients and their lifestyles before they occur. Students will also be trained in the critical soft skills necessary for success as a practitioner in public or private practice that include problem solving, organisational abilities, communication and management skills.

OVERSEAS EXPERIENCE

In the final stages of the programme, students may elect to complete their clinical training component overseas.

PRESTIGIOUS PARTNER UNIVERSITIES

INTI Physiotherapy programme offers potential pathways for those seeking a career in physiotherapy with the option to transfer to a host of world-class universities in the United Kingdom.

FOUNDATION IN SCIENCE

This programme prepares students for admission into science-related degrees in INTI. It is designed to equip students with a solid fundamental knowledge of their field of study, which includes Physics, Chemistry, Mathematics, English and Basic Computing.

Learning approach

Students will be introduced to various active learning methodologies such as Problem-based Learning, group discussions and projects, helping them to develop academically in areas like study skills, presentation skills, research skills and time management, which are all prerequisites for academic success. This will further enhance their critical and analytical skills, preparing them for the demands of the workplace.

Assessment

Assessment of individual courses in the Foundation Programme consists of two components:

- Continuous course work (50%)
- Final examination (50%)

The continuous course work component comprises different assessment tasks such as projects, assignments, laboratory work, presentations, tests, and others as assigned throughout each semester. The final examination is conducted at the end of each semester. The assessments are subject to quality assurance procedures to maintain high standards and ensure fair assessment.

HEAR WHAT OUR ALUMNI SAY

“The Physiotherapy course is perfect for people who have been active in sports since young, like me. You get to understand every sport's biomechanics as well as the relevant medical science. Taking the course at the close-knit INTI Nilai campus helped gave me the opportunity to form many life-long friendships. I'm grateful I got to represent INTI in Clinton Global Initiative in New York City. My hard work paid off when I graduated with first class honours. Now I have a rewarding career and can provide my parents with a better life.”

CHOO WAI KIEN
TAGS, Spine and Joint Specialist Ampang
BSc (Hons) Physiotherapy

“I had a wholesome university experience at INTI. I particularly appreciate the cosy environment and the sports facilities. The lecturers are kind and supportive too. INTI's vibrant student community has made campus life fun and exciting. You can expect a rewarding university experience here. Thank you, INTI!”

JONATHAN CHEW ZHONG YUAN
Physiotherapist, Your Physio Kepong
BSc (Hons) Physiotherapy

“I stayed at INTI all the way from A-levels right to my degree because INTI provided me study-life balance where I could both study and develop soft skills through extra-curricular activities at the same time. Physiotherapy suited my patient, caring and humble personality. My job is a platform for me to do what I really love and I am motivated to keep on going when I see my patients recover. We cannot control the outcome but we can do our best and live life to the fullest.”

ROBERT CHUA
Physiotherapist, Sunway Medical Center
BSc (Hons) Physiotherapy

“The four years I spent at INTI was one of my best investments. Apart from having experienced lecturers, INTI also cultivates an active environment for student and club events. The experiences I gained have shaped me into who I am today. These are the experiences and exposure that money cannot buy. Luckily, I got both at INTI. Thank you, INTI!”

TENG RUIYAN
General Manager, Precise Rehab Sdn. Bhd
BSc (Hons) Physiotherapy

PHYSIOTHERAPY TRAINING AND STUDENT ACTIVITIES

▼ PHYSIOTHERAPY CONFERENCE AND STUDY TRIP TO POLAND, GERMANY AND CZECH REPUBLIC

▼ VISIT TO THE ANATOMY MUSEUM, UNIVERSITI KEBANGSAAN MALAYSIA

The visit provides students with an in-depth exposure to the real human body and its structure for a better learning experience in human anatomy. Among the collections of specimens on display are plastic and jar specimens. To facilitate learning, specimens are displayed according to the body system, allowing students to identify and describe the anatomical structures of the human body.

▼ INTEGRATION OF ADVANCE TECHNOLOGIES INTO REHABILITATION SETTINGS AT MOTUS ACADEMY, MALAYSIA

The workshop aimed to explore the synergistic fusion of cutting-edge technologies within rehabilitation contexts.

▼ STUDY TRIP TO NATIONAL CHENG KUNG UNIVERSITY, TAIWAN

The two-day workshop took students to the National Cheng Kung University Hospital and its remarkable research labs for an incredible educational experience. During the workshop, students visited the assisted device center and a barrier-free show house to explore innovative strategies aimed at enhancing accessibility for individuals with diverse needs.

▼ COMMUNITY SERVICE EVENT AT PUSAT JAGAAN WONG & CHONG, SEREMBAN

The event presented physiotherapy students with an excellent opportunity to gain hands-on experience and exposure to real-life situations. Additionally, it allowed them to develop essential communication skills, build self-confidence, charisma and leadership skills, and interact with the public. The primary objective of the event was to provide free physiotherapy services, health screening, and treatment to the elderly residents at the center.

▼ AQUATIC THERAPY SESSION

Aquatic therapy can be highly effective in aiding physical rehabilitation. Students learn to assess and evaluate individuals to determine their suitability for aquatic therapy, conduct functional assessments, and develop treatment plans based on individual needs.

▼ BLOOD FLOW RESTRICTION WORKSHOP

A comprehensive two-day certificate course aimed at empowering healthcare/fitness professionals and students with strategies to enhance the rehabilitation process for patients.
